

SARAH MILAD

Los Angeles, CA | sarahmilad@outlook.com | (310) 729-6721

SUMMARY

Music curator with 6+ years leading creative music searches across film, television, and branded content. Skilled at translating project briefs into the right musical choices, developing composer-submitted material, and building catalogs that support fast, confident creative decisions. Deeply knowledgeable across genres and genuinely passionate about music discovery, with the rights and licensing fluency to keep every pull clearance-ready.

EXPERIENCE

FOX Entertainment

Feb. 2023 – Apr. 2026

Senior Music Coordinator

- Read daily production scripts to identify music needs and on-camera performances, then curated and pitched 15-20 tone-specific playlists per episode directly to producers and editors in real time.
- Managed a roster of contracted composers building FOX's original music library — reviewed and delivered monthly feedback on roughly 30 submitted tracks per composer to guide material toward broadcast-ready, sync-appropriate output.
- Built and maintained FOX's internal music library, including ingestion, tagging, and cataloging of tracks with complete metadata and rights information to support fast clearance turnaround and ongoing creative searches.
- Processed and submitted cue sheets monthly through RapidCue and kept detailed records of licensing activity, deal logs, and ownership info.
- Researched copyright ownership and publishing splits to confirm clearance eligibility and flag conflicts before use; collaborated closely with legal, production, and creative teams, plus outside label reps, supervisors, and attorneys.

Sarahthonin Sounds

Jan. 2019 – Present

Music Curator & Consultant

- Lead creative searches from brief to delivery — pitching music for sync opportunities across brand campaigns and audio/visual projects, and coordinating with rights holders to facilitate clearances and licensing.
- Curate 500+ playlists tailored to brand campaigns, storytelling needs, and cultural moments, with an emphasis on international and underrepresented artists; develop reference materials aligned with specific project briefs and creative directions.
- Create social media graphics, playlist covers, and brand design assets using Canva for music curation projects and artist promotion.
- Independently research publishing rights, songwriter splits, and PRO affiliations for sync-eligible tracks, building a working knowledge of catalog ownership across major and independent publishers.
- Use AI tools to build and maintain client-facing websites, streamlining site design and updates without dedicated developer support.

LVNDR Music

Apr. 2019 – Feb. 2023

Music Coordinator

- Coordinated licensing and clearance for 200+ tracks across trailers, branded content, and episodic television; managed \$500K+ licensing budgets and negotiated master and publishing licenses across broadcast, digital, and theatrical platforms.
- Coordinated licensing documentation and maintained deal logs; collaborated with supervisors and rights administrators to process and fulfill licensing requests.
